Recent correspondence with your staff indicated that your State is ready to obligate the funds for the projects listed in the table on page 2 of this memo. In addition, portions of some previous requests were withheld from previous allocations due to operating under a continuing resolution. We are now making those funds available in addition to the new requests received. Therefore, we are allocating to the appropriate States the listed amount of contract authority (CA) and an equal amount of obligation limitation (OL) (Delphi code: 15X0R02050) for the projects in the following table.

These funds and associated obligation authority are available only for these projects, as described in the project specific application submitted by the State. The Federal share for these funds is governed by the provisions of 23 U.S.C. 120. Please note that these funds are subject to August redistribution and will be de-allocated if they will not be obligated by the end for the fiscal year.

By copy of this memorandum, the Office of Financial Management is requested to process this allocation.

If there are any questions, please contact Tony DeSimone at (317) 226-5307 or by e-mail at [Anthony.desimone@fhwa.dot.gov](mailto:Anthony.desimone@fhwa.dot.gov).
